## LOCAL BOY NAMED PRESIDENT OF BOYS NATION

Ted Perry is shown being greeted by Governor Hugh White at Boys State.

### Ed Perry First 'Rebel' Ever To Be Accorded Top Post In National Event

Ted Perry will arrive home from Boys Nation tomorrow night, and about everybody in town is planning out to greet him. For Ted Perry was elected President of Boys Nation Monday, the first time in the history of the event in Washington, D.C. that a Southern boy has been selected.

Ted, who is actually Edward S. Perry Jr., son of Mr. and Mrs. Edward S. Perry, 510 N. Beach, was elected on the "Federalist" platform Monday. He defeated his opponent, David Galloway, who ran on the "Nationalist" platform, by an overwhelming vote of 62 to 32.

Mayor John A. Scafiled has proclaimed Saturday as "Ted Perry Day." Organizations planning the welcome for young Perry who also recently was named Governor of Mississippi's Boys State, include the American Legion, Hancock County Chamber of Commerce, Knights of Columbus, First Baptist Church, the Rotary Club and St. Stanislaus College.

Individuals and organizations will meet at the court house at 7:00 tomorrow evening to make up a convoy to meet Perry, who will arrive from Washington at Mossant Airport in New Orleans aboard an Eastern Airlines plane. The convoy, which will be led by the local Knights of Columbus, will be met at the Louisiana line by Louisiana Patrolmen and Mayor DeLessepp Morrison of New Orleans and other officials of that city.

A parade is planned for Saturday. The parade will terminate at the court house, where Mayor Scafiled will present President Perry with the Key to the City.

A dinner, open to the public, will be held in his honor Monday noon at Hotel Reed. He will be presented a gift as a token of the admiration of the entire community. He also will be a guest of the American Legion at their regular meeting next Tuesday.

Ted was elected Governor of Mississippi's American Legion Boys State in June when he represented the local Legion Post. He was sponsored by the local Knights of Columbus. Also attending Boys State from Bay St. Louis was Kent Seltzer, who was sponsored by the Bay Rotary Club.

Perry will be a senior at St. Stanislaus this fall. The 17-year-old boy dedicated his life to the ministry two years ago, and plans to attend Mississippi Southern College and then enroll in a Baptist Seminary. He is a member of the First Baptist Church and has addressed the congregation on a number of occasions. His next sermon will be delivered Sunday evening August 8.

He had flown to the nation's capital last Friday from a visit in the Azores where his father is working on a US government project. Before leaving for the Azores and Washington as Mississippi delegate to Boys Nation, Ted had been licensed for the ministry.

At St. Stanislaus he maintained a high scholastic average, receiving the scholarship medal with a grade of 97.5.

The new president of Boys Nation is against voting privileges for 18-year-olds. "They are not ready to vote at that age," he commented.

Perry said in Washington that there had been no filibustering in Boys Nation. He and some other delegates had visited one of the Senate's all-night sessions. "It was very sickening," he said. "It gave me a bad impression."

His platform called for universal military training, opposition to Communism "in all its forms," Statehood for Hawaii only, and acreage controls.

Tuesday the delegates met President Eisenhower at the White House. They were briefed for the interview by Defense Secretary Charles E. Wilson, and the joint Chiefs of Staff. The group also made the President an honorary member of Boys Nation.

Perry presented a membership pin and a white sport shirt with the Boys Nation emblem on it to President Eisenhower.

Holding the shirt in front of him, the President laughed and remarked: "One thing about it—it will fit my grandson if it doesn't fit me."

The delegates also visited the US Naval Academy at Annapolis.

A committee composed of Laurent Dickson, George Heitzmann, and Dan M. Russell Jr. is in charge of the official greeting of Perry.

Legion Commander Sidney L. Bourgeois praised his Brother Roland and St. Stanislaus College for "producing a student of such high attainments."

Mayor John Scafiled was honored Monday night when he was elected to serve as Vice President of the Coast Municipal Officials Association.

At a meeting held at the Edwards House in Ocean Springs, eight municipalities of the Mississippi Gulf Coast were represented. Included in the local association, which is state affiliated, are:

### LOCAL MAN ABOARD OVERTURNED BUS

A J. Beaumont, 403 St. George St., was a passenger on the bus which was wrecked on Highway 49 nineteen miles north of Gulfport Monday.

Beaumont was returning to Bay St. Louis from Jackson, where he had gone to visit his brother, the Armed Forces Engineer. He had a shoulder injury.

He told the Eagle that "the experience was gruesome. Three passengers were killed and many others seriously injured."

Cattle on the road coupled with poor visibility due to a driving rain were blamed for the accident.

## To Vote Sept. 4 On Half-Cent Sales Tax

Whether or not Bay St. Louis has a municipal sales tax of one-half a cent added to the existing two cents state tax will be decided by voters at a special election Saturday, September 4.

City officials say funds are badly needed, and unless the sales tax is okayed by voters Sept. 4 the ad valorem tax must be hiked.

## SOUTHERN SEMINARIANS TO MEET HERE AUG. 15 - 18

Sixth Annual Seminarians' Catholic Action of the South conference will be held at St. Augustine's Seminary from Aug. 15-18 this year.

This regional meet attracts seminarians from not only the Southern Ecclesiastical Provinces but also some of the Northern Provinces. Its aim is to give seminarians future priests an intimate look into the workings of Catholic Action in the parish. This year's theme is "Catholic Action and its Auxiliary Works."

This year's conference will open with registration on Aug. 15 in the lobby of the Seminary. In the evening, His Excellency, the Most Rev. Richard O. Gerow, S.T.D., Bishop of Natchez and Patron of this year's meet will welcome the delegates to the Diocese of Natchez.

The Very Reverend Robert Pung, S.V.D., rector of St. Augustine's Seminary will welcome the delegates to the Seminary. At the same session, the Very Rev. Maurice Shean, C. O., of Rock Hill, S. C., Director of the Catholic Committee of the South will give the keynote address.

Bishop Gerow will celebrate a Solemn Pontifical Mass for the delegates on Aug. 16 at 8 a.m. in the Seminary Chapel. Following the Mass, the various sessions will get under way. Another highlight of this year's conference will be a panel discussion: "How the Laity partake in the work of spreading the Word of God in the parish."

This panel will be conducted by Most Rev. Maurice Schexnayder, D.D., Auxiliary of Lafayette, La.

The Rev. William J. Kelly, O.M.I., L.D., nationally-known mediator of Washington, D.C., will address the Conference on Labor Relations. Monsignor Godfrey O'Connell, Ph.D., Biloxi, will speak on the Society of St. Vincent de Paul and Catholic Action.

This year's field trip will be made to Keesler Air Force Base in Biloxi.

## DRIVE-IN THEATRE IS LEASED TO NELIUS RHODES

Mr. and Mrs. Nelius Rhodes have leased the Hi-Way Drive-In Theatre and will begin operation Sunday, August 1.

A formal opening under the new management is scheduled for Saturday, August 7. All concessions as well as operation of the motion pictures were leased to the Rhodes' and will be operated under their direct supervision.

## Bathing Beauty Contest Is Slated At BW Yacht Club

Hancock County's most beautiful and hapely girl will be named at 4 p.m. Sunday, August 8 when a bathing beauty contest will be staged at the Bay Wave-Land Yacht Club.

The contest will be part of a fair held in connection with the dedication of a wading pool built for the small fry of members.

The contest is open to girls between the ages of 15 and 30. Winner will compete with other Coast beauties on Labor Day when the regatta and Lipton cup races held in Biloxi will be climaxed with a Coast Beauty Contest.

Further details of the contest may be obtained from Bernard Farrelly, manager of the Yacht Club.

The auxiliary is responsible for the wading pool which is located on the grounds adjacent to the club building.

A turkey lunch will be a feature of the fair, and will be served from noon until 3 p.m. No reservations are needed. Price of the lunch is \$1.00 for adults and 50c for children.

### CAPT. JOE CASSARD DIES FROM BURNS RECEIVED LAST THURS.

Ambulance Overturns On Way to Hospital With Injured Man.

Captain Joe Cassard died last Saturday as a result of burns he received when a Butane gas tank near which he was burning leaves exploded.

The accident occurred at the 72-year-old retired policeman's summer home on Subal Ave., Waveland, Thursday.

An Orleans Parish coroner's official report attributed Cassard's death to 75 per cent of his body being covered with second degree burns, and bronchial pulmonary pneumonia.

Cassard was rushed to King's Daughters Hospital for emergency treatment, and then was rushed to New Orleans by Fahey Ambulance Service. The ambulance carrying the injured (Continued on back page)

### Patsy Shadoin Named President of Episcopal House of Young Churchmen

Miss Patsy Shadoin was elected president at a recent meeting of the House of Young Churchmen of the Episcopal Church. At president, she will preside at all meetings of the organization and perform all duties relative to this office.

Purpose of the House of Young Churchmen is to coordinate and extend the work of the various groups of Young Churchmen in the Diocese, and to stimulate the groups in accordance with the ideal of the United Movement of the Church's Youth, which is, "to know Christ and make Him known."

### LEGION COMMITTEES FOR COMING YEAR TO BE NAMED TUES.

At the regular meeting of the Clement R. Bontemps Post 139 Tuesday, Aug. 3 Commander Sidney L. Bourgeois will announce names of members who will serve during the coming year on the various committees for the Legion.

First expected to go into action will be a committee for the Legion's annual Junior Fishing Rodeo. Legionnaires hope to make it even more successful than it was last year.

It is expected that members will vote for a Queen of the Rodeo at this meeting.

### PAYING FOR 1954 FORD, GRAND CAPITAL PRIZE

John Dambarino (right) publisher of the Hancock County Eagle, presents check to Fritz Peranich, Manager of Bay Motors, Inc. for the beautiful new 1954 Ford to be awarded August 7 to the contestant earning the highest number of votes in the Eagle's "Everybody Wins" subscription contest.

## Race For Ford Sedan In Eagle Subscription Campaign Is Now Entering The Home Stretch

LEADERS IN THE EAGLE'S 'EVERYBODY WINS' PRIZE SUBSCRIPTION CONTEST ARE GATHERING RESERVE POWER FOR FINAL DASH TO GOAL—EACH STRIVING HIS MIGHTIEST FOR FIRST HONORS

BY ROYCE AND ERA CROW  
Contest Editors

Riding high on the threshold of victory—with the thoughts of "now or never" hovering in their minds—contestants in the Hancock County Eagle's far famed automobile prize contest have reached the three-quarter mile post and are now entering the "home stretch" in the race.

Saturday night, August 7, stands out prominently as the end of the BIG "second period" vote schedule and also terminates that extension feature whereby MAXIMUM votes may be obtained on subscriptions extended to the full 5-year limit. Thereafter, the voting value of all subscriptions take a scheduled drop.

Every tick of the clock brings the close of these two important features just that much nearer the deadline—8 o'clock this Saturday night—each hour of the short remaining time is crammed full of opportunities to those who really want to be declared winner of highest honors and realizing what might heretofore have been merely a wonderful dream.

And what due victory mean in the greatest of all local prize contests? It means a record of unusual achievement, the immediate gratification of a burning ambition, and a brand new, spick and span latest model, smoothly powerful Ford automobile, worth exactly \$2,721.30 for KEEPS.

With the race entering its final phase, eager hearts are beating faster, expectant hands are reaching out to grasp the most desirant prizes to be awarded Saturday noon, August 7.

Just one more lap and the course will have been run. Only a short time remains to choose between victory and defeat—success or failure!

Avail yourself fully of the advantages this important "period" affords. Think and plan constantly for the

means of ultimate success, and bear in mind the fact that your opponents possibly as keen and resourceful as you are, are striving diligently for pen to you.

To those who have procrastinated, stop a minute and think of what the completion of your promise might mean to your favorite! NOW, before it is forever too late, call him or her on the phone and make good that promise, won't you?

It might be a physical impossibility for the earnest, hard-working contestants to get around in person to see everybody during the short remaining time of this contest.

Each of them have a large number of unredeemed promises to subscribe. Many of these promises were made in good faith, but they won't help a bit unless you do something about it.

Likewise, many have "said in their heart" that they intend to take advantage of that liberal money-saving offer by extending their subscription during the contest and giving some worthy contestant the benefit of the BIG votes allowed thereon, but mere good intentions are worse than useless unless acted upon before it is too late.

May we suggest, therefore, that you get in contact with that friend right now—this very minute—and tell him or her that your subscription is awaiting them; or, better still, send check to cover in mail today.

The contest department will remain open Saturday, July 31 until all contestants have reported in. Hurry—Time Is Short.

## Annual Yacht Club Shipwreck Dance Is Scheduled For Saturday, August 7

One of the most successful costume dances on the Gulf Coast is the annual Bay Waveland Yacht Club shipwreck dance. It will be held Saturday night, Aug. 7, at the local club, starting at 9 p.m.

This yearly dance has proved so popular in the past that Gulfport, New Orleans and Pass Christian are now well represented at the affair.

Highlight of the evening, the judging of costumes, will take place at 11 o'clock.

Music will be furnished by a New Orleans quartet. Club members are urged to make up parties and invite their guests well in advance.

Proceeds from the dance will go toward the maintenance of the club's fleet.

## MISSISSIPPI SOUTHERN WORKSHOP SESSION OPENED

Almost 700 persons are enrolled in three summer conferences at Mississippi Southern College.

The 14th annual reading conference, directed by Dr. Ralph Stang, attracted nearly 400 classroom teachers and others.

At the same time, more than 250 teachers began attending classes at the second annual summer music camp, which is under the direction of Raymond Motson.

An additional 64 school administrators are on hand for the first meeting of the third annual workshop in school administration which is supervised by Dr. Ralph S. Owens.

## Rome Cardinal To Dedicate Seminary At Pine Hill Aug. 10

Venerable Cardinal Valeri, Vatican City, in charge of religious orders, who will represent the Pope at the Canadian National Congress honoring the Blessed Virgin Mary, will dedicate Pine Hills, a former resort hotel, as a new Catholic major seminary. Our Lady of Snows Scholasticate, in Pass Christian, August 10.

As the Prefect of the Sacred Congregation of religious, Cardinal Valeri, the Pope's assistant in charge of all religious orders of priests, brothers and sisters throughout the world.

The 21-year-old, high-ranking Italian official is coming at the invitation of the Most Rev. Richard O. Gerow, STD, Bishop of Natchez.

A large number of the hierarchy and clergy are expected to attend the "Pine Hills" event.

The seminary, named June 2, 1933, after the first operation, the five-story hotel has been completely renovated into the new Oblate major seminary. Secluded on 30 north shore of Bay St. Louis, the desert-like seminary housed 72 students of Mary Immaculate last year.

Of the 59 Brothers (seminarians) training for the Priesthood, 12 are ex-GIs. With many tradesmen represented, the Brothers did most of the renovation work of the 200 private room was remodeled into the seminary library, and the cypress-beamed lounge became the chapel.

Opened to the public on December 20, 1949, Pine Hills was a prosperous tourist attraction until the financial crash two years later, and the subsequent construction of the first bridge across Bay St. Louis.

This made the hotel too remote. Local residents still remember playing golf at Pine Hills although the course is now overgrown.

The 1947 hurricane destroyed the lodge and ruined much of the plaster work in the building.

The Oblates of Mary Immaculate, a worldwide order of 6,500 missionaries, is the fifth largest organization of the Catholic Church in the number of foreign missionaries. Pine Hills is the major seminary of the Central Province, with headquarters in Belleville, Ill.

Blue Jeans Garden Club Has Swimming Party

Mrs. J. F. Fugate entertained members of the Blue Jeans Garden Club at a "Spish" party and picnic lunch July 20 at her Clement Blvd. home.

The well-kept lawn, surrounded by lofty pines and flaming hibiscus, provided a perfect setting for the pool with its gay umbrellas and comfortable lounge chairs and benches.

After a refreshing swim, the picnic lunch was heartily enjoyed, and a short business session held at which Mrs. Peter Finn was welcomed into the club. Mrs. R. Dennis won a prize.

Attendees were Mrs. Frances Lawton, Mrs. Dennis, Mrs. H. Russ, Mrs. C. Becker, Mrs. R. Miller, Mrs. E. G. Doskey, Mrs. Finn, Mrs. W. Burdage, Mrs. Bing, Mrs. Landry, Mrs. B. Peterson, Mrs. Dantagnan, Mrs. Augustine, Mrs. Saleeby, Mrs. Richmond and Mrs. Cope.

TECHNICIANS MAP WAR ON EROSION OVER VAST AREA

Top technicians of the United States Forest and Conservation Services began consultations at University, Miss., in an effort to combat the annual erosion of 100 million tons of sediment in the North Mississippi area.

"The region drained by the Yazoo and Little Tallahatchie River is the worst example of erosion in the United States outside the Grand Canyon," said David King, head of the Tallahatchie Research Center Forest Service.

A major topic of the meeting is to improve efficiency of this program by authorizing further research in flood and erosion control.

This would enable the research division of the Forest Service to determine what trees vegetation and other methods are best in stopping the waste of soil.

"There are 4,200,000 acres in North Mississippi subjected to 10 of 15 major floods a year," said Mr. King. "Fifty per cent of this area is woodland but in bad shape. The mud and sand washed from this area is running fertile cotton land."

## COUNTY AGENT'S NOTES

BY HOWARD F. SIMMONS  
Hancock County Agent

### COTTON INSECTS

When making your weekly inspections for fruiting cotton for boll worms and boll weevil infestation, it is a good idea to watch for spider mites. Aphids and other insects. These, if uncontrolled, can build up in numbers rapidly.

Old Mr. Boll Weevil promises to be a real threat this year, so keep him on the run with a complete insect control program, based on need.

For specific information on how to make infestation counts, when and how to posture what insecticides to use, amounts to use, and methods of application, see your county agent and get a free copy of Extension Publication 276, "Cotton Insect Control Recommendations for 1954."

### PASTURES

Pastures must be managed to give best results. The farmer who plans, in writing his management program for pastures generally does the best management job.

Two of the most important phases of pasture management are prevention of overgrazing and control of weeds.

Some answers to the problem of overgrazing are putting more land in pastures fertilizing seasonal crops more heavily and putting in temporary supplemental grazing crops and silage for periods when grazing is short.

Overgrazing causes a reduction in stands of the better grasses, lowers the yield of forage and results in soil erosion and excessive water run-off.

Weeds take up needed plant food and moisture. They compete with the better grazing plants and actually out-grow the good plants.

Control these weeds by spraying or clipping. In clipping, pastures for weed control, it is advisable to raise the mower or clipper blade five or six inches so as not to disturb the tender grass.

Fencing occupies an important place in the pasture management plan. Different combinations and different seasonal grazing areas should be fenced separately.

### TRACTOR CARE

Seven points of tractor maintenance are:

1. Service the air cleaner regularly at least once a day under normal operating conditions, and more frequently under dusty conditions.

2. Keep crankcase breather caps clean—there are miniature air cleaners and should be serviced at the same intervals as the air cleaner.

3. Keep oil and fuel free from dirt—keep dirt out of containers, carrying cans and funnels.

4. Clean sediment bowl and carburetor screen—these remove water and dirt from the fuel but function only if clean.

5. Replace or service dirty oil filter element.

6. Lubricate tractor at regular intervals.

7. Change crankcase oil at regular intervals.

Stop tractor troubles before they start by keeping handy the manufacturers instruction book and following instructions.

4-H TRAVELERS FROM NORTH START MISSISSIPPI TOUR

Twenty-seven Minnesota 4-H Club members began their playing and working in homes of Mississippi 4-H Club members this week. The month's visit of the 4-Hers to Mississippi is sponsored by the Minnesota Tribune in cooperation with the Minnesota Extension Service and the Mississippi Extension Service.

The program was initiated in 1952 and designed to promote contact between the agriculture and cattle industries of the two states by giving students a chance to see first hand how each state's program is superior to their own.

## To Be Dedicated September 2nd

## Delta Steam Electric Station Program Set

The Delta Steam Electric Station, Mississippi Power & Light Company's third and largest generating plant, located near Cleveland, Miss., is scheduled to be formally dedicated September 2, according to an announcement by Rex J. Brown, President of the Company.

The huge 216,000 kilowatt generating station, which began operation in the Fall of 1953, was more than seven years in planning, engineering and construction. It is considered to be the largest industrial investment ever made in the state.

Named as one of the "Seven Wonders of the Mid South," the plant features a half-gate

lake and a physical structure equivalent to a seven-story building.

Mr. Brown, in making the announcement, extended a cordial invitation to the public to attend the dedication ceremonies and tour the generating plant.

"Our Company is indeed proud of this plant," Mr. Brown said, "not only because it supplements existing modern plants and provides an abundant supply of surplus power for the future industrial and agricultural development of our state, but because it is an example of what can be accomplished under our economic system of free enterprise."

Featured on the program will be an address by Philip D. Reed, Chairman of the Board of General Electric Company, and a talk by Governor Hugh White.

Preceding the formal dedication program there will be a parade beginning at 10:00 o'clock Thursday morning in downtown Cleveland, followed by a barbecue luncheon on the site of the plant for all visitors.

At the conclusion of the dedication program, the public will be invited on a tour of the plant to see first hand how electricity is made.

Assisting the power company officials in planning the program is a committee composed of public officials and civic leaders from throughout the Delta area.

Utility and industry leaders from over the nation, as well as state, county and local dignitaries will be present for the event.

## "Mississippi's Growth is a Challenge"

Mississippi's growth is a challenge economically, industrially and agriculturally. This growth has brought an unprecedented demand for telephone service. Such has been a challenge to Southern Bell.

We have met this challenge with telephone growth in the past 8 years. During the first 64 years in Mississippi, we have filled 96 percent of all the applications for new telephones received since January 1, 1946—more than doubling the total number of customers in the state and more than quadrupling our rural telephone subscribers.

Since 1945, this expansion has cost over \$2 million dollars of investment money. To provide further needed expansion, we must secure still more money from investors. To get people to furnish this money we must make a fair profit on money invested in telephone property.

new dial equipment in many new central offices has been placed in service throughout the State.

## 150 NEW BEETLE INFESTATIONS IN EPIDEMIC AREA

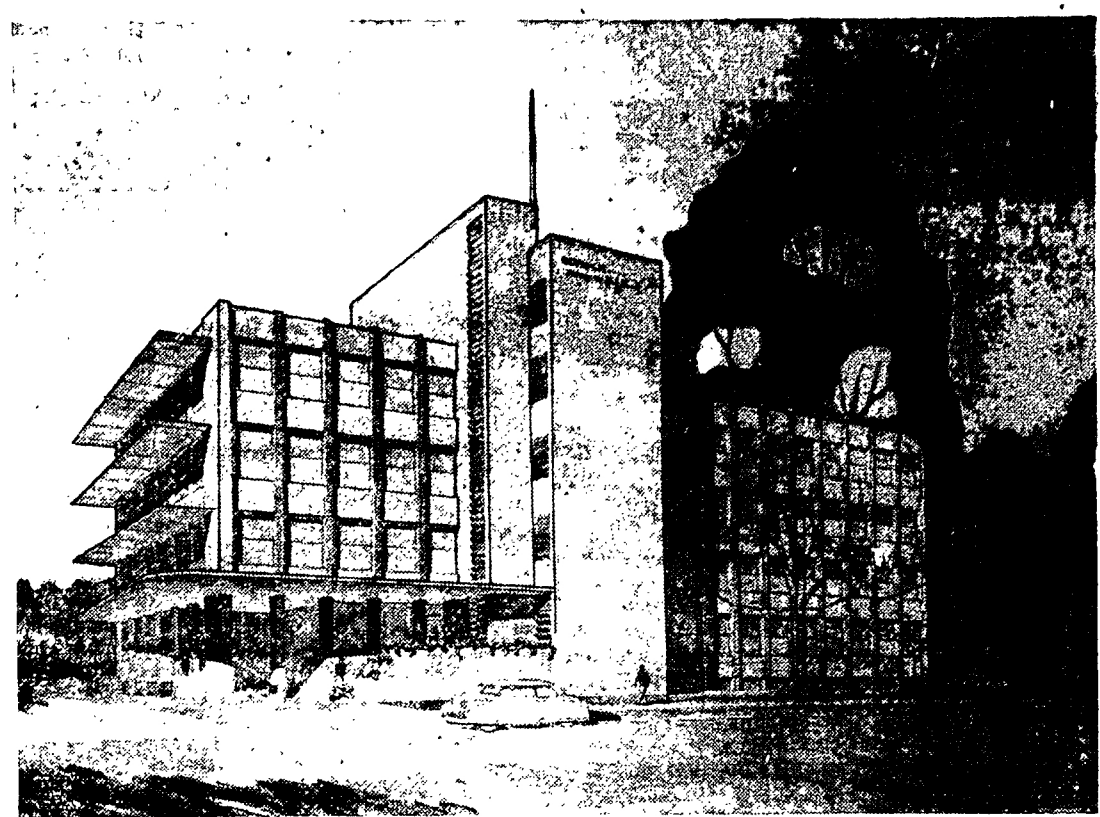

After attending this week's meeting of the southern pine beetle control Forest Management Director, Mississippi Forestry Commission, reports that over 150 new beetle infestations, varying in size from a few trees up to one acre have been located in flights over the southern pine beetle epidemic area.

This brings the total infested spots considerably higher than at this time last year. This year to date, which is record.

Robert Church of the Commission, National Forest, reported their aerial Jack Kirby and Roy Shell, Homochito reconnaissance showed previously located spots to be increasing in size and the beetle population getting much heavier in the northern part of the epidemic zone.

Particularly heavy beetle populations have been found in the vicinity of Caseyville in Lincoln County and in the vicinity of the Mississippi River in Jefferson County, Martin said. There is a special need for landowners in east Franklin, Jefferson and Claiborne counties and West Lincoln and Copiah to check their timber stands regularly so that control work could begin immediately in case of an attack.

But there is no reason, Martin said, for owners to cut their timber indiscriminately for the purpose of saving it from attack. It is much more profitable to leave the timber standing and practice immediate control if the beetle attacks.

This modern office building will be built in Jackson to house the Mississippi headquarters of the United Gas Companies, World's largest handlers of natural gas. Upon completion, the structure will be occupied by about 150 of the 600 Mississippi employees of the United Gas Corporation, United Gas Pipe Line Company and Union Producing Company.

## New Mississippi Headquarters For United Gas Will Be Modern Four-Story Office Building

JACKSON, MISS. July 23—In the future, as well as continuing our oil and gas development and production, the history and growth of United Gas are closely tied to the progress and development of the Gulf South where our company operates, and Jackson long has been an important center for the company's expanding operations in Mississippi.

The office building will be occupied by more than 150 employees of the Mississippi Distribution Division of United Gas Corporation, managed by Guy E. Middleton, and the Jackson District Office of United Gas Pipe Line Company and Union Producing Company, managed by J. D. Davis.

This does not include some 450 United Gas employees in Mississippi who live outside Jackson. Completion of the office building will make it possible for the United Gas district and division offices at Jackson to be brought under one roof.

Construction work on the building will be started within the next few weeks. Approximately one year will be required to complete the job.

The United Gas building will be a modern structure of four stories with provision for two additional stories in the future. It will provide approximately 25,000 square feet of office space, and will have a total gross area of 40,000 square feet. Exterior treatment of the building will employ aluminum facing, generally, and face brick in the remaining areas.

The windows will be glazed with a special insulating-type of unit made up of two sheets of polished plate glass with hermetically sealed dehydrated air space between. This type of glazing will obtain a high degree of thermal insulation and eliminate the condensation of moisture on the glass. Aluminum sun screens on the south and east sides of the structure will provide an interesting architectural treatment and add to occupants' comfort by eliminating the direct rays of the sun.

A feature of the building will be the latest and most modern type of all-year gas air conditioning. The system will provide automatic unit control of temperatures for the office space within the structure. It is pointed out that the all-year gas air conditioning planned for the building also will result in a minimum of upkeep while assuring the finest type of air conditioning comfort.

## CONGRESSIONAL SIDELIGHTS

CONGRESSMAN WM. M. COLMER

## THE HIGH COST OF FOREIGN FRIENDS

The 80th Congress has agreed to stop the voting war in Indo-China largely on their own terms. A truce has been bought by the West at a great sacrifice and cost of life.

It must be noted that as a result of this that the flow of American dollars to our European and Asiatic allies might be slowed. But this is not the picture. On the contrary, under our foreign policy of lack of foreign policy, this will possibly mean the pouring out of more millions to aid our Asiatic allies for under our policy a foreign country has to do to get our dollars is to please it keep on our side.

For instance, it is that the little has been down in Guatemala has been settled and a government allegedly friendly to the United States has been set up. It may be expected that government will be coming on us for financial aid.

In this connection, it must be interesting to again note what the current situation is with respect to foreign aid. First is the fact that since the end of World War II we have already added these friendly countries to the tune of more than \$30 billion. Congress has authorized \$11 billion this year for future aid. Add to this the \$12.4 billion which already has been authorized and appropriated, but not yet spent plus an additional \$600 million in reconstruction funds and we have a total of \$16 billion which will be available for the agency authorized to spend this money.

This program started out with the Marshall Aid Plan several years ago under the Truman Administration. At that time it was confined to the objective of assisting our European allies in rehabilitating themselves and

bolstering them in their ability to withstand Communism. Congress was told at that time that that was all that was necessary. Congress went along on that theory, but each year since then under both Democratic and Republican administrations, there has been a new program by some other name set up for the same purpose. And each year the Congress was told that that would be the last year. But the reality is that the American taxpayer has been hit for over \$66 billion. And now although Congress reluctantly only authorized a little over \$3 billion this year, the fact remains that the Administration has about \$16 billion to spend and more and new activities are coming in asking for a slice of the pie.

Maybe this is the way to defeat Communism, but as we have repeatedly pointed out on the floor of the House and elsewhere, the real danger to this country lies in the destruction of our country by the continuous drain of our money and resources to this country.

For once the dollar loses its purchasing power as it is continuing to be eroded into bits in our economy is destroyed and we become ripe for Communist conquest through unemployment, dissatisfaction and hunger. Surely there must be another way to combat the evil of Communism.

Under the present formula we are being played into the hands of the Communist master.

## ADJOURNMENT

The Congress is in the final drive for adjournment. The sessions are long. The tempo is high. Temperatures are frayed. Legislation is hastily being enacted. Members are anxious to get home. Some have primary fights to look after and others are just plain tired.

The deadline is set for August first. With the Senate deadlocked over the President's atomic energy proposal, with much House passed legislation yet to be acted upon, that date now appears doubtful.

## THIS WEEK Farm Bureau

About 300 County Farm Bureau leaders will go back to school August 8-12 to learn how to make their local programs more effective and how to improve services to membership.

The Mississippi Farm Bureau Training School is an annual event in which the qualified instructors conduct classes on various phases of Farm Bureau work. These classes include a wide range of subjects dealing with the legislative, educational and social phases of the Farm Bureau program.

Registration and room and class assignment will be made Sunday, August 8, and an evening program of various services will be held by Mrs. Gordon White, of Meridian, chairman of the women's division of the State Farm Bureau, and an address will be given by Miss May Cresswell, state Home Demonstration agent.

A general assembly on Monday, August 9, will be presided over by Buswell Stevens, MFBB president. Dr. Ben Hibben, president of State College, will give the welcome, and delegates, guests and instructors will be introduced by Dr. H. Echols, MFBB organization director.

At the evening program, H. H. Huddleston of Lumbert, MFBB vice president, will preside. Talks will be made by O. R. Long, organization director, Southern Region Farm Bureau, and Kenneth W. Ingelbarn, director of leadership services of the American Farm Bureau.

On Tuesday, C. D. Maudoux, of West, Farm Bureau Young People's Program in Mississippi will be discussed by M. M. Randolph, of Batesville president, will preside. Talks will be made by Riley G. Arnold, field representative of AFBB.

U. S. Congressman Thomas G. Alberty will be the banquet speaker Tuesday night.

Wednesday's program will be in charge of Alden McNeil of Lumbert, MFBB vice president. A talk will be made by Dr. Clay Lyle, dean and director of agricultural services, State College, and D. C. Miehler, executive vice president, Southern Farm Bureau Life Insurance Company.

Certificates will be presented at the close of the Institute.

## ALL-STAR TEAM NAMED BY COUNTY BASEBALL ASSOCIATION

The Bay Seniors dominated the Hancock County Baseball Association All Star list as they placed eight players on the team.

Kiln and Pass Christian each placed three members on the list.

The fourteen player team will be scheduled during games with teams from New Orleans, Bogalusa, Poplarville, Pass Christian and other local areas.

Father Charles, Kiln, E. A. Kemp of Pass Christian and Christopher Bell of the Bay St. Louis Seniors have been selected to manage the group.

The Seniors, Pass Sea Scouts and Kiln Youth Center will continue with their scheduled baseball games while the All Star group will attempt to match night games.

The judges said that all members will be selected from the three local teams as needed.

The All Star lineup is:

First Base: Bobby Ladner, Bay St. Louis

Second Base: Gerald Scoper, Pass Christian

Third Base: Johnny Banks, Kiln

**PASS EDGES KILN YC  
5-4 SUNDAY P. M. AT  
PASS BALL PARK**

The Pass Christian Sea Scouts pushed across two unearned runs in the seventh and one in the ninth to edge the Kiln Youth Center 5-4 Sunday afternoon at the Pass Christian ball park.

J. C. Necaise went the route for the Sea Scouts and allowed only three singles while striking out 12 and giving up 2 walks.

Russell Mitchell and Larry Ladner gave up only two singles to the Pass but two costly errors proved fatal.

Kiln scored three runs in the first on Johnny Banks' single, Leland Mitchell's walk and five Sea Scout errors. In the fourth they made it 4-0 as Russell Mitchell was hit, Banks singled, Leland Mitchell was hit and Pass made another miscue.

Pass Christian tallied one run in the fourth as Gerald Scoper singled to break Mitchell's no-hit spell, stole second and went to third on an infield out and came in as Mitchell balked.

Pass again scored a lone run in the fifth when Joe Benigno singled with Pass's last hit, and two walks pushed him to third and pinch hitter Winky Whittmann's long fly to left scored.

Center-fielder Sluey Curet made a beautiful one-handed catch against the fence of Whittmann's bases loaded fly. Ladner, who had relieved Mitchell because of a sore arm, then put down the next two batters to end the Pass threat.

In the seventh Johnny Banks went with two out and Scott, who had walked, on first he muffed Joe Benigno's high fly to short left to keep the Pass in the game. Ladner then walked Curky Whittmann and hit J.C. Necaise so Mitchell returned to the mound. Scott came in on Ladner's wild throw and Winky Whittmann walked to load the bases and Benigno scored on a wild throw.

Both teams went down in order in the eighth.

Johnny Banks lashed out his third hit of the day to lead off Kiln's 9th. Banks then stole 2nd base, but Necaise retired the next three batters.

Banks again made a costly error as on leadoff batter Danny Mangum's grounder to him at third he threw wide to first, pulling Wilbert Necaise off the bag. Mangum went to second on a wild pitch, to third on Benigno's infield out and scored on Curky Whittmann's slow roller to second base.

All three pitchers hurled beautiful ball as Necaise allowed three singles, Mitchell one and Ladner one. There were twenty-four strikeouts and seven walks by the trio of hurlers. Pass left seven men on base and Kiln had five stranded.

This was the first meeting of the two teams. Their next contest will be August 14 at Kiln.

**BILOXI LEGION DOWNS  
BAY SENIORS 5-1 FRIDAY**

The Bay Seniors were defeated Friday night by the Biloxi American Legion junior nine at the Lee Street diamond by a score of 5-1.

Eddie Carron allowed the Bay boys only five hits as he struck out seven while walking only two.

After three scoreless innings Biloxi broke loose with three runs in the fourth on two of their five hits and two walks and a hit batter.

The Bay Seniors came back in the fifth to score their only tally as Billy Rhodes got on by an error and Billy starting pitcher Christopher Bell tripped to right-center.

Bell started for the Seniors and was relieved in the fifth by Billy Scarborough after allowing three runs in three hits.

Carron led off the Biloxi sixth with his second single, went to second and third on consecutive walks and scored on a wild pitch. Later another runner came in on a fielder's choice to complete Biloxi's winning score of 5-1.

Both starting pitchers had a big day in the field and at the plate as Eddie Carron collected two hits in two times at bat and Bell paced the Bay squad with three of their five hits in three times at bat.

This was the second meeting of the two teams. Biloxi edged the Seniors 6-5 in their first meeting.

**ERRORS COST MITCHELL  
3-HITTER SATURDAY AS  
NUGENT BUMPS KILN 8-0**

Russell Mitchell allowed the Nugent nine only three hits last Saturday afternoon but lost the game 8-0 as the Nugent squad made good use of Kiln's errors to amass eight unearned runs.

The Nugent pitcher held Kiln hitless until the sixth when Russell Mitchell singled to left. Mitchell died on base.

This was the second meeting of the teams. On July 20 the Nugent team edged the Youth Center 4-2. In that contest Mitchell gave up only two hits.

This Saturday Nugent will return the game. Game time at the Youth Center field will be 2:00.

**'Yankee Pasha' At Drive-In Sunday and Monday**

From the rugged backwoods of New England to the exotic and exciting courts of 1800, "Yankee Pasha" gives romance and adventure. Starring Jeff Chandler and Rhonda Fleming, this lush and lively adaptation of Edison Marshall's best selling novel provides bountiful entertainment at the Hi-Way Drive-In Theatre Sunday and Monday, August 1 and 2.

The theme of a desperate love affair dominates "Yankee Pasha" from the time fur-trapper Chandler emerges from the wilderness to win the heart

of Miss Fleming

Through a quirk of fate Rhonda sets sail for Massachusetts before the Yankee can declare his love. Following her, he learns she has been taken captive by Moroccan pirates.

Entering the forbidden land where Christian law and custom are beyond the pale, Chandler audaciously calls himself the services of the Sultan. His discovery of Miss Fleming, the allies he recruits to help their eventual escape, the bitter rivalry and ultimate clash to the death with Bart Roberts, leader of the Janizaries, make the Yankee Pasha's perilous topography screenfare.

Both stars are completely at home and in command of their rich roles. Jeff a reckless, irresistible master of derring-do and Rhonda, a titan-haired spitfire who is a devil to all men but the one who owns her heart.

Giving Miss Fleming somewhat of a run for honors in the allure department if there ever was one and a barefoot of gorgeous Miss Universe Beauties.

**'Apache' Is Star Offering Sunday, Monday, Tuesday**

The long awaited initial production of the newly formed Hecht Lancaster organization, "Apache," starring Burt Lancaster and Jean Peters under the production aegis of Harold Hecht, will play Sunday Monday and Tuesday at the Star Theatre.

The saga of Massai, fiercest and most savage warrior of the Apache tribe, who waged a single-handed bloody war against the whole United States Army, is one of the most colorful authentic chapters in the story of the early West.

Lancaster is Massai and Jean Peters is Nahnah, the lovely Indian girl whose passionate devotion turned Massai at last to the tasks of peace. The supporting cast is headed by John McIntire, Charles Bickford, John Dehner, Paul Guilfoyle, Walter Sauter, Morris Ankrin, and Monte Blue.

"Apache" was filmed in color by Technicolor under the direction of Robert Aldrich from the screen adaptation by James R. Webb of the best selling novel by Paul J. Wellman.

"Apache" draws close to the line of history in telling the incredible but entirely authentic story of Massai, whose bravery is one of the brightest legends of the Apache Indians.

In the process, it pulls no punches, and puts the blame for Massai's ill-fated war squarely where it belongs, on a handful of greedy white men whose desire for personal gain resulted in the imposition of unfair treaties on the Indians.

**'JANE' TO BE FOURTH PRODUCTION OF BAY LITTLE THEATRE**

Launching into its fourth production of the season the Bay St. Louis Little Theatre finds that "Jane," a new, sophisticated comedy, is embellished with fine Oscar winners in it line-up and three interesting newcomers to its long list of popular performers.

The play by S. N. Behrman, based on an original story by the famous W. Somerset Maugham, is packed with clever and amusing dialogue and boasts a most unusual situation which is brought to a superior climax.

Juanita Miller, a star performer in local histrionics, heads the cast as "Jane." Supporting her is Philip Al-Brum, who has a mildly sardonic attitude towards his estranged wife, played by newcomer Eleanor Foote. Mrs. Foote's past experience in summer stock is evident in her superb stage presence and complete naturalness.

Joe Vigueire, another Oscar winner, plays a perfect foil to "Jane" in his portrayal of the ambitious young architect.

Dr. Harold Koefie, who won an award for his interpretation of "Ladder 49" in "Raid," a few seasons ago, plays the role of a salacious Lord, whose chief interest is attractive women.

Karen Kergosien adds her fresh talent and attractiveness as young Ann Towers, who is unashamedly in love with Peter Crewe, played by David Treutel. It is Treutel's first performance in amateur dramatics and his appearance and pose are interesting and convincing.

Young Clota Kay Miller rounds out the cast as the maid, Mally, and it is also her first time on the local boards.

Direction is in the hands of Barbara Quigley, whose performance as the ghost wife in "Bitter Csee" won her an award and fits her for the responsibility of such an undertaking.

The play is tentatively set for Aug. 20 and 21. Notice will be given to members by card and to the general public through this newspaper.

**WEEKLY COTTON INSECT REPORT**

Local showers to heavy rains occurred over sections of the state last week but a general rain is badly needed to give cotton more growth.

Except for a slight drop in the boll weevil infestation, the cotton insect situation remains about the same as it was a week ago, advise, Ross E. Hutchins, entomologist of the State Plant Board.

Dr. Hutchins urges farmers to begin poisoning when the infestation begins to rise about 15 per cent. Farmers should make every effort to control the boll weevil during the first four weeks of blooming as about 90 per cent of the total weevil of cotton results from blooms occurring during this period if the insects are controlled.

**ICE WATER OFFERED AS PUBLIC SERVICE AT LEGION CLUB**

In addition to the many other conveniences for the public at the Legion Home, the club has added free ice water. According to "Captain" Kidd, club attendant, a barrel of ice water is placed daily on the porch of the Legion Home for the convenience of visitors and local residents.

"We sell cold drinks," the Captain said, "but when a person is thirsty, nothing but cold water will quench his thirst."

Another public convenience is that local telephone calls may be made free at the Legion Club, according to the captain.

**Home Demonstration Club Meets at Home of Mrs. Gates**

July meeting of the Bay-Walton Home Demonstration Club was held at the home of Mrs. Earle Gates Thursday, July 22 with Mrs. C. E. Ripule co-hostess.

The meeting was opened with a devotional read by Mrs. Gates. Mrs. Gerald Tucker, president, reported on her trip to Mississippi State College for State Home Demonstration Council and Farm and Home Week.

A demonstration on proper manner of mending, and points to look for when purchasing trimers was given by Miss Sarah Weaver.

Following the business meeting refreshments were served.

A prize given by Mrs. Gates was won by Miss Jean Robinson Home Economist for Coast Electric Assn.

**COW HERD CULLING ORDER OF THE DAY**

Rigid culling of all beef cow herds is in order now, partly because of the current low price of feeder calves.

First cows to be singled out for market should be those which failed to calve.

The next kind of cows singled out for culling should be the poor milkers, those which do a poor job of raising their calves. This is also a good time to sell cows of nondescript breeding. It costs no more to care for and feed a good cow in the herd than it does a poor one. The over-age cows should also be culled.

**EXTENSION AGENTS REPORT RAPID GROWTH OF COTTON**

Hot sunny days and warm nights have brought cotton out of the doldrums and it is now making rapid growth, according to Agricultural Extension Service County Agents.

However, many areas of the state reported need for rain, especially on pastures.

Crops generally were reported as "good" and free from grass. Cotton stands are good, growing rapidly, and insects, presently, are causing little trouble.

**"Emergency Call"**

A buzz a ring,  
From out of the night,  
Yes, it's the telephone,  
And you're in a tight.

You're the only one here,  
There's but one thing to do,  
Get up quick  
And act like a full crew.

The shrill siren cuts the air,  
As you rush to the scene,  
Where within the beacon of the light,  
A total wreck of a car is seen.

The police stand by,  
With questions and answers,  
While you clean up deaths  
More fatal than censors,

You then trudge home,  
Weak and weary,  
With the thought of that night  
That was so dark and dreary.

And so ends the story,  
Of an emergency call,  
Which is sometimes worse than  
An ocean squall.

But God looks over us,  
With love and care,  
And wherever you are,  
Just remember He will be there . . .

**Extension Subscriptions Now Count For Extra big votes**

Extension or second payment subscriptions now count for extra large numbers of votes in the big "Everybody Wins" prize subscription contest, fast drawing to a close.

For example, a subscriber might have paid a yearly subscription during the first part of the contest and now wishes to extend the subscription another four years at the special extension rate of \$9.00 now in effect for the primary purpose of boosting his or her favorite contestant to the "full limit."

That extended subscription NOW would not only give your favorite the remaining votes due on an original subscription but if that original subscription were turned in during his or her first week, they would also be entitled to double feature special votes as stated in the opening announcement of the contest, plus of course, the \$9,000 extra votes given on each and every \$20 "club."

So, if you—and a couple of dozen other good friends like you—would extend that original subscription to the "full limit," it would mean more than a million and a half votes for that contestant in his or her effort to win that grand capital prize Ford Sedan worth \$2,721.30, a small fortune indeed.

Mr. and Mrs. Subscriber, this message is addressed to you. Your added "bit" right now might be just the very encouragement needed to help some deserving contestant "go over the top" in a big way.

Then, you too could enjoy that satisfying "inner glow" that comes from having done your share—at actual savings to you—in making someone very happy for a long time to come.

Don't turn back on a friend!
